

CERTIFICATE OF PARTICIPATION

iversity hereby certifies that **Meenakshi Ravi** has participated in the following course from January 2021 to January 2021:

Immune checkpoint inhibitors: game changers in oncology

The participant learned the fundamentals of immunology as they pertain to the training of the immune system and the unleashing of effective immune responses against solid cancers, focusing on:

- the discovery of immunotherapy by William Coley;
- central immune tolerance in the thymus: the selection and maturation of useful T cells;
- peripheral tolerance and immune activation: how immune system cells respond to microorganisms and wounds;
- immune checkpoints and the currently approved immune checkpoint inhibitors;
- the efficacy of immune checkpoint inhibitors and adverse effects;
- the hunt for stratification biomarkers: how to select patients that will benefit from immune checkpoint inhibitors.

About Loroach Communication and Training

Loroach Communication & Training in Life Sciences specializes in transdisciplinary scientific communication and training. We help professionals in any domain and the general public rapidly learn the essentials of biology, biotechnology, pharmaceutical sciences and precision medicine.

iversity.org is a higher education online platform, enabling a global community of learners to study with excellent professors from all over the world. This certificate does not affirm that the student was enrolled at the mentioned institution(s) or confer any form of degree, grade or credit. The course did not verify the identity of the student.
